LAWN CEMETERY RULES

Applicable to:-

Stanley Hill Cemetery, Sections 4 & 5 and 6, The Platt Cemetery, St Mary's Cemetery

The above cemeteries are designated 'lawn cemeteries' which means that all graves have flat turfed surfaces and only headstone type memorials are permitted. No flower vases may be placed on or around the grave other than in any receptacle approved by the Council as part of a permanent memorial. **SHRUBS, TREES, BUSHES ETC. MAY NOT BE PLANTED ON THE GRAVE AND FLOWERS SHOULD BE PLACED ONLY IN RECEPTACLES WHICH FORM PART OF THE MEMORIAL ITSELF.**

The following guidelines relating to memorials are to be observed: -

No burial shall take place, no cremated remains shall be scattered and no memorial shall be placed in the cemetery without permission of the Town Council.

Burials

Permanent memorials may be placed only on graves to which the burial rights have been purchased. For a temporary period not exceeding 6 months a wooden marker or cross (the cross not to exceed 30" x 24" overall) showing the name, age and date of death of the deceased may be permitted, subject to the Town Council's approval. Such a marker shall be removed by the Town Council on the expiry of the six month period. The Town Council reserves the right to remove permanent memorials erected where the burial rights have not been purchased.

Memorials on full size graves are to be of the headstone type, not more than 3 feet high by 2 feet wide by 4 inches deep, in a shoe, and placed at the head of the grave in line with existing headstones. (Not permitted to place a headstone in between grave plots.) A plinth not exceeding 6 inches front to rear (see attached diagram), may be placed at the foot of the headstone. **Please note total measurements including plinth not to exceed 3 feet x 2 feet x 9 inches.**

All memorials (including replacements) erected in the cemeteries will be installed in accordance with the standards laid down by National Association of Memorial Masons (NAMM) as in existence at the time of installation.

Ashes

Horizontal tablets, not more than 18 inches by 18 inches may be placed on cremated remains burial plots.

Alternatively a headstone not more than 2 feet high x 2 feet wide x 4 inches deep may be placed at the head of the grave in line with existing headstone.

General

No memorial may be erected until six months after the burial (excluding ashes plots), and the Council's approval of the memorial must be obtained in writing before any arrangements are made. The right to place a memorial carries with it an obligation to maintain said memorial.

A sketch of any proposed memorial, with full details of dimensions, materials and inscription must be submitted to the Town Council for approval before any arrangements are made. If approval is granted for a permanent headstone a fee will be payable. The Town Council reserves the right to remove headstones erected without written approval

The small brass plaque that is placed on the grave by the funeral directors is considered to be a temporary headstone and should be removed when a permanent memorial is in place.

Stanley Hill Extension

Health & Safety Regulations require the Town Council to ensure memorials are maintained in a safe condition. Whilst the maintenance is the responsibility of the Title Deed Holder in perpetuity approval has led to difficulties particularly after a long period of years has elapsed.

Memorials and monuments will therefore be granted Approval Permits for a 10 year period which may be renewed on application only by the Title Deed Holder. Where memorial permits are not renewed the responsibility for maintenance will automatically transfer to the Town Council who may remove or repair at its absolute discretion any memorial deemed to be unsafe.

Generally

It is essential that those responsible for the erection of headstones or other memorials arrange for their placement in exactly the right positions after consultation with the burial authority. In any circumstances where these memorials have been located incorrectly, the Town Council reserves the right to arrange for their replacement into the correct position and for the costs thereof to be recovered from the persons originally responsible.

Kerbs, fences, ornaments, stone vases (memorial or not), or the planting of any flowers, shrubs or plants along the grave space are not permitted and the Town Council will reserve the right to remove any such items in order properly to undertake their responsibilities for the care and maintenance of these cemeteries. Any unauthorised objects, dead flowers or unsuitable artificial flowers may be removed at any time by the Town Council.

The grave will be levelled and grassed over by the Town Council some time after settlement (normally six months).

Dogs will only be permitted into the cemetery if kept on a lead and under the control of the owner.

THE TOWN COUNCIL HAS ADOPTED THESE RULES IN ORDER TO ENSURE THAT THE LONG TERM MAINTENANCE OF THE CEMETERY CAN BE PROPERLY AND EFFICIENTLY UNDERTAKEN IN ORDER TO MAINTAIN THE FEELING OF SERENITY AND DIGNITY AS BEFITS CEMETERIES OF THIS TYPE. SUCH RULES ALLOW FOR THE LONG TERM CARE OF ALL GRAVE SPACES, PERHAPS FOR LONG AFTER THOSE WHO INITIALLY WERE RESPONSIBLE FOR SUCH CARE ARE ABLE TO CONTINUE THAT OBLIGATION.
